

Q-Install FileZilla Server on your Windows machine, create a user account, and set up a shared folder for FTP access.

Step 1: Download and Install FileZilla Server

1. Go to the official FileZilla website.
 2. Download **FileZilla Server** for Windows.
 3. Run the installer.
 4. Keep the default installation options unless your instructor specifies otherwise.
 5. Complete the installation and launch **FileZilla Server**.
-

Step 2: Connect to the Server

1. When FileZilla Server starts, the **Connect to Server** window appears.
 2. Leave the default values:
 - **Host:** 127.0.0.1 (or localhost)
 - **Port:** 14148 (default administration port, if shown)
 3. Click **Connect**.
-

Step 3: Create an FTP User

1. Open **Server** → **Configure** (or **Edit** → **Users**, depending on the version).
2. Select **Users**.
3. Click **Add User**.
4. Enter a username, for example:

student

5. Enable **Password** and set one, for example:

Student@123

6. Save the user.
-

Step 4: Create a Shared Folder

1. Create a folder on your PC, for example:

C:\FTPSHare

2. Place a test file inside it (e.g., test.txt).
-

Step 5: Assign the Shared Folder

1. In the user's settings, open **Shared Folders**.

2. Click **Add Folder**.
3. Browse to:

C:\FTPShare

4. Set it as the **Home Directory**.
5. Grant permissions such as:
 - ✓ Read
 - ✓ Write
 - ✓ Delete (optional)
 - ✓ Append
 - ✓ Create directories
 - ✓ Delete directories

Step 6: Allow FTP Through Windows Firewall

If Windows Firewall prompts you:

- Click **Allow Access**.
- Ensure **Private Network** is selected.

If no prompt appears:

1. Open **Windows Defender Firewall**.
2. Go to **Allow an app through firewall**.
3. Allow **FileZilla Server** on Private networks.

Step 7: Test the FTP Server

Using FileZilla Client

1. Open **FileZilla Client**.
2. Enter:
 - **Host:** 127.0.0.1
 - **Username:** student
 - **Password:** Student@123
 - **Port:** 21
3. Click **Quickconnect**.

If successful, you should see the contents of C:\FTPShare.

Or Using Windows Explorer

In the address bar, type:

ftp://127.0.0.1

Log in using:

- Username: student
- Password: Student@123
